RAYMOND CRAIG FATALLY WOUNDED

Former Rushville Boy Shot This
Morning at Connersville by Man
Whose Place he Took

DIES ON WAY TO HOSPITAL

Murdered Young Man Was Son of
Mr. and Mrs. Thomas Craig, Who
Recently Moved to Greensburg

Raymond Craig, age 20 years, son of Mr. and Mrs. Thomas Craig of Greensburg, formerly of this city, was shot and killed this morning at Connersville by Lorenzy "Pete" Ashcraft, the motive not being fully determined. Craig was shot through the side with a single-barrelled shotgun, and died while being taken to the hospital. The shooting took place at eight o'clock near the Rex Manufacturing Company.

Following the shooting, Ashcraft gave himself up to the police and he is being held in jail. Craig was working in Connersville and was driving a truck when shot this morning.

Thomas Craig, father of the dead boy, formerly was in the dairy business here and lived just north-east of Rushville on the Ft. Wayne road, moving only two or three years ago to Greensburg. The dead boy attended school in Rushville for several years. Several people locally are related.

According to word from Connersville, Craig was in company last night with Grace Whipple, age 29 years, and Ashcraft objected. It also was stated that when Craig came to Connersville, he took Ashcraft's job as truck driver, and it is believed by officials there that either one of these jealousies might have prompted Ashcraft in doing the shooting.

As far as learned by the officers, there were no eye witnesses to the crime, Craig and another man were riding on a truck when he was shot from behind. Craig got up from the seat and fell out the rear end of the truck into the street.

The gun was a 12 gauge single-barrelled shotgun, and it tore through his right side, causing his death before medical assistance could be rendered.

Ashcraft, who is 25 years old, refused to make a statement in jail, and the Fayette county grand jury will investigate. Mr. and Mrs. Thomas Craig of Greensburg passed through here at noon, enroute to that city, and Jess Craig of Rushville, a cousin, also was in Connersville today.

TO BE EXTENDED TO COVER THE CORN BELT

Plans For Ministering Currency to
Financially Ill Farmer to be
Made Tuesday

TO AWAIT CORN PRICE RISE

(By United Press)

Indianapolis, Ind., Nov. 25—Plans for administering currency to the financially ill farmer will be extended to cover the entire corn belt at the meeting of bankers and farmers here next Tuesday, instead of limiting the scope of the meeting to Indiana alone, it was announced today.

Governor McCray, acting as chairman of the corn belt advisory committee of the war finance corporation, sent messages to his committee and to farmers' associations and bankers in the corn belt states inviting them to the conference. The states included Ohio, Illinois, Iowa, Kentucky, Missouri, Nebraska, South Dakota, Minnesota and Oklahoma.

Engine Meyer, chairman of the war finance corporation, will address the meeting and urged bankers to procure money from the funds made available for this purpose and loan it to the farmers so they will not be forced to dispose of their crops on a low market.

RED CROSS REPORTS STILL INCOMPLETE

Three Hundred and Forty Member-
ships. Mostly From Rushville
For Local Chapter

ONLY 5 FROM ORANGE TWP.

Three hundred and forty annual memberships to the Rush county chapter of the Red Cross, the big majority of them being taken in Rushville, has been reported to county Roll Call headquarters in the recorder's office today.

Very few complete reports have been received, which leads persons in charge of the Roll Call to be optimistic in the belief that final returns will show a much better membership than present reports indicate.

One-third of Ripley township reported 57 members and one-half of Orange township, after a complete canvass, reported only five members. With one worker yet to report, Center township has added twenty members. Jackson township's report, which is incomplete, shows 29 memberships thus far. The balance of the 340 are from Rushville city. Advance word sent to headquarters is that the west half of Walker township will report between fifty and sixty memberships.

In view of the fact that the Red Cross nurse will devote all of her time to the townships, it was expected that more memberships would be obtained outside of Rushville than in the city.

"BRAINS" OF MURDER PLOT PUT ON TRIAL

Fred Decker, Brother of Virgil Who
is Serving Life Sentence. Before
Columbia City Jury

DEATH PENALTY TO BE SOUGHT

(By United Press)

Columbia City, Ind., Nov. 25.—Fred Decker, the second of the trio of brothers who gained notoriety in the Atwood murder mystery, went on trial here today on the charge of slaying Leroy Lovett in a plot to defraud a life insurance company out of \$24,000.

Virgil, the youngest brother, is now serving a sentence of life imprisonment for the crime. Calvin Decker, the third brother, will be tried soon. The state will demand death penalty for Fred as they did for Virgil. A special venire of 74 prospective jurors has been drawn and each one will be questioned as to whether they are opposed to capital punishment.

Prosecuting officials stated that Fred was the "brains" behind the murder plot. Lovett's body was found by a railroad track near Atwood, March 12, and the murder was designed to give it the aspect of an accident.

According to facts introduced at Virgil's trial, the state attempted to prove that the 18-year-old youth killed Lovett in an effort to collect the insurance in view of the striking likeness.

ORDERED TO ADJUST RATES

Washington, Nov. 25.—The interstate commerce committee today ordered the Baltimore and Ohio railroad to adjust the rates on grain and grain products on the line of Lake Erie and Western railroad destined to Virginia and running through Noblesville, Indiana.

The action was taken on complaint of the Indianapolis Board of Trade that existing rates discriminated against Indianapolis in favor of Noblesville.

SPECIAL VENIRE CALLED

Muncie, Ind., Nov. 25.—A venire of 25 men was called for the trial of Gene Williams, local attorney and Thomas Miller, attorney, accused of burglarizing the Gaston Hardware Company store at Gaston. Hatford Johnson escaped prisoner from Michigan City, who was captured recently at Boston, declared Williams and Miller were with him when the robbery was committed.

RUSH COUNTY FIRST IN STATE

December Settlement Sheet is Com-
pleted and Taxes Are Distributed
by Auditor

CHECKS ARE ISSUED TODAY

Total Distributed Amounts to \$477-
614.61, of Which State Receives
Largest Share

Rush county was the first in the state to make the December settlement, according to Phil Wilk, county auditor, who, on Wednesday, took the settlement sheet to Indianapolis to get the O. K. of state officials, and who was making the distribution of funds among the county taxing units and the state today.

The total distributed amounted to \$477,614.61, of which the largest sum went to the state treasurer to be divided into state funds. This amount was \$64,678.03. Rushville school city received the largest sum going to any of the taxing units within the county, \$34,498.77 being paid to the school board to defray the expenses of the city school system for the next six months. Rushville city received \$22,705.78, not counting an advance payment of \$7,500 which had been made by the county treasurer.

Total current taxes collected on the fall installment amounted to \$176,302.90, according to the settlement sheet, and delinquent taxes totaled \$2,552.89, making the total \$178,855.79. Deductions not included in the distribution amounted to \$1,241.18.

The speed with which the settlement was made is better understood when it was remembered that work could not be started until after November 8, when the fall tax-paying season ended.

The amounts paid out and to whom paid are as follows:

Rushville School City, \$34,498.77
Walker township, \$23,133.55.
Richland township, \$6,505.01.
Ripley township, \$12,200.89. In addition this township has received \$4,000 advance payment on the December settlement.
Orange township, \$13,109.78.
Posey township, \$15,901.42.
Anderson township, \$16,800.28.
Center township, \$12,115.18.
Washington township, \$10,778.82.
Union township, \$14,600.69.
Rushville township, \$17,073.07.
Advance payment of \$1,000 made previous to settlement.

Jackson township, \$10,456.68.
Noble township, \$10,831.14.
Rushville City, \$22,705.78. Advance payment of \$7,500 made.
Carthage corporation, \$4,549.29.
Glenwood corporation, \$654.86.
State of Indiana, \$64,678.03. In addition an advance payment of \$7,000 was made.

The money paid to the state was distributed as follows: State tax, \$4,133.08; benevolent institutions, \$19,902.85; state highways, \$13,165.59; state schools, \$19,842.65; state educational institutions, \$9,452.26; vocational education tax, \$675.78; state soldiers' memorial, \$2,021.19; common school fund interest, \$2,195.14; permanent endowment fund interest, \$199.49.

VISITS TWIN CITIES

St. Paul, Minn., Nov. 25.—Dignity and conviviality are to mark the 24 hour visit of Marshal Foch to the Twin Cities. The general will be feted by thousands on his arrival here tonight when St. Paul will revive her famous winter carnival. Tomorrow he will spend six hours in Minneapolis where a dignified reception will be held.

FATHER AND SON RELATIONS TOPIC

Plum Creek Community Observes
Special Week at Christian Church
Thanksgiving Evening

JUDGE W. M. SPARKS SPEAKS

What Father Expects of Son And
What a Boy Expects of His Dad
Among Subjects Discussed

The first organized community observance of Father and Son week in Rush county was held at the Plum Creek Christian church Thanksgiving evening and one hundred and thirteen fathers and sons, by actual count, were present, some of the "sons" being adopted.

The principal address was made by Judge Will M. Sparks of this city who discussed the proper relationship between father and son frankly and to the point. He pointed out that the prevailing tendency was for men to spend so much time making a living that they had no time for their boys and showed that the rule that no man can get more out of life than he puts in, applied in the case of a father and son as in any other.

The judge emphasized the fact that no boy was bad, although sons were better than others, and contended that all could be brought out if approached in the right manner.

William A. Young of this city, who is acting as pastor of the Plum Creek church, presided as toastmaster, and the "barber shop quartet" of Gings Station sang some very appropriate selections. The singing was in charge of Charles Hires.

The oyster stew was served by Luther Nixon's class of women from the Plum Creek Sunday school and was thoroughly enjoyed by the "old" men and the "young" men. The church basement, where the meeting was held, was tastefully decorated in red, white and blue. Baskets filled with flowers and carrying out the same patriotic color scheme, adorned each of the tables.

Luther Nixon spoke regarding what a father expects of his son, emphasizing three points: obedience, trust or confidence and truthfulness.

B. S. Seales, teacher in the Gings' school, appealed to fathers to consider their sons in the stage they actually are rather than measure them by man's standards. "Put yourself in your boy's place," was his urgent appeal to fathers in dealing with their sons.

Will Ertel, responding for the boys spoke on "What a Boy Expects of His Dad," and Walter Aiken made a very entertaining talk on the subject "Dad and I."

Homer Hall, superintendent of the Plum Creek Sunday school, very urgently requested that the fathers of the community attend Sunday school with their sons.

GEORGE A. WIRT IS DEAD AT CLARKSBURG

Former Rushville Man Expires of
Paralysis This Morning After
Brief Illness

ONCE IN A RUSHVILLE BANK

George A. Wirt, age 72 years, a prominent farmer of Decatur county, died this morning about ten o'clock at his home in Clarksburg, death being caused from paralysis. The deceased was well known in Rushville, having been associated in the Rushville National bank here about 25 or 30 years ago.

Mr. Wirt was in Greensburg Monday when he suffered the stroke, and was removed to his home, where he gradually grew worse. He was well known here, and had frequently visited in Rushville after leaving the local bank.

The deceased is survived by the widow and three children, who are James, George and Rebecca. The funeral services will be conducted at the late residence in Clarksburg on Sunday afternoon at two o'clock, with burial in the cemetery at Clarksburg.

ASSAULT CASE IS HALTED IN COURT

Trial of Robert Frazier, Colored,
Postponed Until Tuesday Due to
Witness's Absence

JURY NOT YET SELECTED

The case of the State against Robert Frazier, colored, who is charged with assault and battery with criminal intent, was halted this morning shortly before noon, and the case continued until next Tuesday on account of the absence of a witness for the state.

A special venire of six names was drawn for service this morning and 20 jurors had been examined when the continuance was granted. A jury had not been impanelled to try the case, and another special venire of 20 names was drawn for service for next Tuesday.

The defendant filed a motion to quash the indictment this morning, but it was overruled by Judge Sparks and the examination of the jury began.

Frazier is in jail upon default of bond. He is charged with an alleged criminal assault intent upon his aged aunt, Mrs. Hughes.

FOURTH OIL WELL IS STRUCK BY LOCAL MEN

Latest Find is Causing Considerable
Stir in Darke and Mercer County,
Ohio, Field

PRICE OF OIL IS ADVANCING

The fourth oil well of the Cole Oil & Gas Company, of this city, has been drilled in and started pumping oil, this being one of the best yet drilled by the company.

This company has a large acreage in Darke and Mercer counties, Ohio, where they are operating, and this latest well has caused considerable stir in oil circles in that vicinity as it is deemed far the best well ever drilled in that section.

The members of the company feel very much encouraged and as the price of their product has recently advanced to \$2.48 per barrel and indications point to another increase in the price soon, they naturally feel quite elated at their good fortune in holding such valuable leases.

Several Rush county people hold stock in this company and will be pleased to learn of these successes.

SEAL WORKERS TO MEET HERE SATURDAY

Will be Address at 2 p. m. in Court
House Assembly Room by Mrs.
Curtis A. Hodges, Indianapolis

A LUNCHEON FOR CHAIRMEN

A meeting of Christmas Seals campaign workers will be held in the court house assembly room at two o'clock Saturday afternoon to make preliminary preparations for the campaign in Rush county, which is expected to open at once and continue unabated until Christmas.

The workers, who will represent every township in the county, will be addressed by Mrs. Curtis A. Hodges of Indianapolis, who will outline the plans for the campaign this year. Mrs. Hodges addressed the preliminary meeting of county workers gathered in Indianapolis recently and is said by local representatives present to be a very entertaining speaker. Anyone interested in the campaign will be welcome at the afternoon meeting.

The township chairmen of the county will be entertained at luncheon at the Scanlan House at 12:15 o'clock. Mrs. Hodges will arrive in time to attend the luncheon.

Extraordinary preparations are being made for the campaign because Rush county is called on to buy \$1,500 worth of Seals this year. Last year between \$1,300 and \$1,400 averaging about seven cents per capita was raised.

AMERICA AIMS TO FORCE SHOWDOWN

Believes Movements Are Under Way
to Direct Naval Armament Agree-
ment Through Bargaining

FAR EAST MIXED IN WITH IT

Chinese Delegation Assures Hughes
It Will Not Withdraw Because of
British Views on China

(By United Press)

Washington, Nov. 25.—The United States believing that movements are under way in the armament conference to direct an agreement on the outstanding issue of limitation of naval armament through bargaining on Far Eastern matters, is preparing today to force a showdown on the naval questions.

It probably will come within a few days. Far Eastern questions came before the conference today with Chinese delegates in an uproar. Meanwhile the delegates are watching with intense interest the battle of words between Lord Curzon and Premier Briand of France, over the size of the future French army, and regarding the extent of Germany's disarmament.

Although no official statement has been made, the American delegates will probably back the view of Britain as enunciated by the spokesman of Lloyd George. Conference circles discussed what effect the action in making Crown Prince Hirohito regent of Japan would have upon the Japanese position in the parley.

The Chinese delegates today sent assurances to Secretary of State Hughes, chairman of the arms conference, that they had no intention of withdrawing from the parley because of objections to the semi-official British view calling for a virtual internationalization of China.

The Far Eastern session beginning at 11 o'clock had the tongue-twisting topic—extra territoriality—to consider. Reduced to words of one syllable, this means the right of trial by other than Chinese courts. China wants the one syllable word banished by the international dictionary as applied to China, but is not prepared to urge it too strongly—merely asked that it be abandoned after a designated period.

At present citizens of power interested in China are tried in their own courts. They hold the Chinese courts either unfair, corrupt, or unsuited to western civilization. But the great powers are not insisting on maintenance of the system; they are willing to scrap it if the Chinese courts are reformed.

Britain's interpretation of the Root resolution was deemed scarcely likely to arise. The fate of another British feeler—for maintenance of an Anglo-American ship yard during the naval holiday equipped to turn out a ship a year—was recalled. This feeler was squelched when British and American public opinion opposed it. A similar fact according to an American delegate probably awaits the latest balloon d'essai.

The fate of Shantung and Manchuria are likely to have an early place on the program.

FINDS FOR AL LINVILLE

Justice Stech today rendered his decision in favor of the defendant, Alvin Linville in the suit for possession heard this week in which James Worth demanded possession of property in which Linville and his family reside. The decision stated that as long as the defendant fulfilled his part of the contract, which called for the providing of one room for the occupancy of Mr. Worth, that he was entitled to the possession of the house. The case was heard Tuesday and taken under advisement until today.

TO TAKE COLLECTION SUNDAY

The collection for the Home Missionary will be taken at the Glenwood Christian church Sunday following the regular Bible school session. The Missionary society of the church will meet on the last Tuesday of November, instead of the first Tuesday of December at the home of Mrs. Leslie Hinchman, and Mrs. Elmo Hires will be the leader.

Rheumatism Can Be Cured!

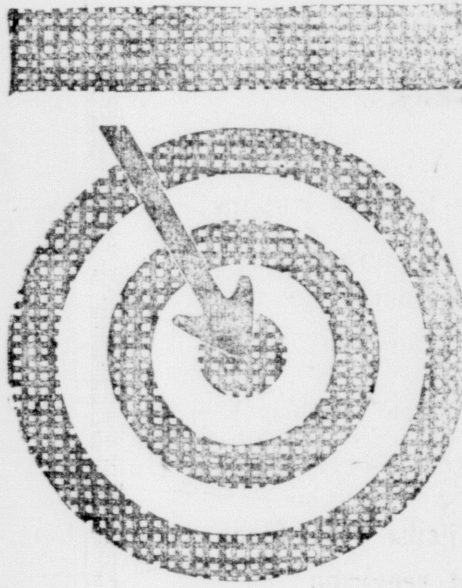

But You Must Clear Your Blood of Waste Products.

Lack of exercise and improper diet causes waste products to accumulate in the blood. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Rheumatism, with its pain and agony, is one of the most serious diseases caused by waste products in the blood. You know, of course, the blood is not confined alone to the arteries and veins. It passes out of these channels to all parts of the body. This is how sediments or waste products are deposited in the muscles and joints. Genuine relief can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 731 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

You Hit the Bullseye When you say: "Willard Threaded Rubber"

Rubber—the universal insulating material—protects the plates. The threads make the rubber porous.

Gives you more miles of uninterrupted service per dollar.

It lowers your battery cost in the long run because it lasts the life of the battery—no bills for re-insulation.

DINNER SUNDAY TO BE FREE

Announcement to Counteract Rumor About Big Flatrock Dedication

No charges will be made for the basket dinner to be served in the basement of the Big Flatrock church as a part of the dedicatory services Sunday, it was announced today. The announcement was made by officials of the church on account of a report being circulated that \$1. a plate would be charged for the dinner.

The Rev. C. W. Canale of Indianapolis, who will dedicate the church, arrived here today and was taken to the Big Flatrock neighborhood. He will meet with the men of the church in the basement tonight to make final preparations for the services.

FUNERAL SATURDAY, 2 P. M.

Services For James M. Gwinn Who Died Thursday Morning

The funeral services for James M. Gwinn, who died Thursday morning, will be held at the late residence, 110 North Perkins street at two o'clock Saturday afternoon in charge of the Rev. L. E. Brown. He will be assisted by the Knights of Pythias lodge, the G. A. R. and the Spanish-American war veterans, who will attend in a body.

The relatives from a distance who have arrived for the funeral are, Mrs. Rebecca Brown, a sister, and James M. Brown, a nephew and his wife from Kokomo. The interment will be made in East Hill cemetery.

New York Stocks

New York, Nov. 25—Gas stocks led the list at the opening today. Consolidate gas made a new high for the year at 94 3/4 up 1. Peoples gas held above 58.

Among the specialties, Davison Chemical touched a new high for the year 1921 shortly after the opening above 59. Among the ice stocks, American Ice common made a new record high above 74.

There was little change in the rest of the list. Reading was fractionally higher. While the first sale of Mexican Petroleum was up 1/2 at 114 1/2, the stock then reacted. Sugar stocks were slightly lower.

Rails were taken in hand in the early part of the second hour and leaders were Union Pacific, Colorado Southern Missouri, Pacific preferred and southern Pacific. At 126 Union Pacific got into new high ground for the year as did Missouri Pacific preferred at 47 1/4. Colorado Southern at 43 compares with a low for the year of 27 1/4.

French city bonds broke badly on announcement of a new offering of six percent gold bonds for the cities of Marseilles Lyons and Bordeaux.

The opening prices on the New York stock exchange today include: American Sugar 55, off 1; Pan American pete 51 up 3-8; Sinclair 23 1/2 up 1; Burns Bros. 115; General Motors 11 1/4; American Telephone 115 1/2; Mexican Petroleum 114 1/2 up 1; Studebaker 75 1/2 up 1; Southern Pac 79 5/8 up 3-8; Northern Pacific, 78 5/8 off 1/2; Crucible 64 1/2 off 1/2; Consolidated Gas 94 3/4 up 1; Reading 71 1/2 up 1; American Woolen 78 5/8 up 3-8; American ice 53 1/2 off 1/2.

ARBUCKLE READY TO GO ON STAND

Movie Comedian Will Testify He Was Not Alone With Miss Rappe More Than 10 Minutes

OTHER EVIDENCE COMING

Defense Finger Print Expert to Refute Testimony of E. O. Heinrichs, States Criminologist

By M. D. TRACY
(U. P. Staff Correspondent)

San Francisco, Calif., Nov. 25—Roscoe (Fatty) Arbuckle's defense fought hard at today's session of Arbuckle's manslaughter trial to place before the jury expert testimony indicating that the treatment given Virginia Rappe showed that alleged attack of Arbuckle was not the cause of Miss Rappe's death.

Dr. Franklin Shields who is a medical expert, testified that a cold bath such as given Virginia Rappe might injure a person. An elaborate testimony was presented on account of the opposition of the state.

Specialists testifying for the defense were called to the witness stand. Dr. Lloyd Brian described to the court injuries similar to that from which Virginia Rappe died, to one he had treated nine years ago. He also stated that Miss Rappe's injuries may have been spontaneous.

If he testifies today Arbuckle, it is understood will declare:

1—That he was not alone with Miss Rappe for more than ten minutes.

2—That he followed her into his bed room only when he saw she was ill.

3—That she became hysterical when he was attempting to care for her.

The big guns of the Arbuckle defense were to be unlimbered today.

Attorneys representing the big comedian let it be known they will start introducing testimony which will probably include inside details of parties in moviedom, testimony

of medical and finger print experts, and finally as a grand climax, perhaps the personal appearance of

PERSONAL POINTS

—Miss Nancy Hogsett was a visitor this afternoon in Indianapolis.
 —Dr. and Mrs. C. L. McKee spent yesterday in Indianapolis, the guests of friends.
 —Miss Matilda Poyce of Fort Wayne, Ind., will arrive in this city tomorrow to spend the week-end here the guest of Mr. and Mrs. Tom Kirk and family.

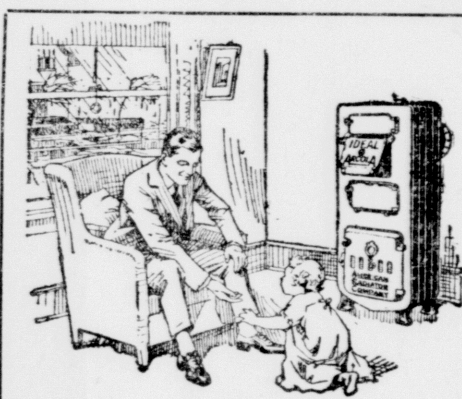

MRS. MARY WILHELM
Pittsburg, Pa.

"No matter what I should say about Taulac, it wouldn't be half good enough," said Mrs. Mary Wilhelm, 716 Mint Way, South Side, Pittsburg, Pa.

"I never dreamed it possible for a medicine to restore me to the splendid health I now enjoy. In fact, I had almost resigned myself to being an invalid, as I could see I was losing weight and strength every day, and no relief was in sight. For three years stomach trouble, headaches and nervousness made my life miserable.

"The first bottle of Taulac acted almost like magic and it wasn't long until I was so well and strong that I could hardly realize I had ever known a sick day. I am like a different person in every way now, eating, sleeping, feeling and looking better than in years."

Taulac is sold in Rushville by F. B. Johnson Drug Co. and by leading druggists everywhere. Advertisement

—Howard Kendall, a student in Miami University, Oxford, O.; Lowell Matney of Cincinnati University; Garrett Reynolds of Indiana University at Bloomington, and Miss Margaret Britt of Madam Blaker's School of Indianapolis, are visiting their parents in Glenwood over the week-end.

Too Busy?

Too busy to go to church Sunday? Some day the angel of death will tap your shoulder. You cannot put him off.

Why not cultivate the spiritual side of your nature?

The old commandment: "Six days shalt thou labor and do all thy work; but the seventh day is a Sabbath" was intended for you. Cold-blooded economists tell us that men who rest on Sunday do the most work.

There is a seat for you in this church. Come Sunday.

Remember the Sabbath to keep it holy. In it thou shalt not do any work.

CHURCH SERVICES

St. Mary's Catholic Church

Rev. Father Francis Schaub, pastor.
 Communion, 6 a. m.
 High Mass, 7:30 a. m. Low Mass, 10:30 a. m.

Sound Business

It looks, at first sight, like lamentable waste to send to the dump heap ships newly built and building on which the United States has already spent \$330,000,000, and old battleships which are said to be worth \$150,000,000 or more. Here is a deliberate throwing away of nearly half a billion dollars.

Yet it is good business, just as the scrapping of machinery usually is in an up-to-date factory. The United States according to present calculations will save the full value

You Need More Than Good Fitting

"Good fitting" is a mere phrase unless you buy shoes that are basically right in design and construction to afford the correct natural foot support. It's the ordinary shoe with its sagging arch that causes foot aches and pains. Arch Preserver Shoes, with the built-in arch bridge, give real comfort, because they eliminate all strain. They are in good style, too, always having a smart, clean-cut appearance. Why don't you find out about real foot happiness?

of warships scrapped in a little more than two years, and will then enter upon a period of actual profit, estimated at not less than \$200,000,000 a year—the cost of warships that would otherwise have to be built and kept up and of the expensive personnel they would require. That \$200,000,000 should be regarded as merely the annual interest on the big principal thereby saved. Thus for the half-billion dollars sacrificed, the country gets immunity from having to make a profitless capital investment of five billions or more. And this, we hope, is but a beginning.

Let it be Settled

Two of the railroad brotherhoods are as eager for a strike as they were the latter part of October. They declare that the action of the carriers in posting notices of further wage reductions is virtually a challenge to the men to strike. Well, let it come. The public is as eager now as it was six weeks ago to settle once and for all the question whether a minority of two or three percent of the people can inflict sufficient suffering on the rest of their fellow citizens to compel compliance with their demands. The merits of those demands do not enter into the discussion at all. Were they as free from criticism as the employees themselves claim, and were the railroads as arrogant as the brotherhoods charge, still there would be no justification for the workers resorting to a strike for the purpose of winning their cause. An agency has been created for the settlement of all disputes between the roads and their men, and the country will never tolerate an organization that proposes to set that agency aside and take the law into its own hands.

More "Gas"

Not many years ago kerosene was the petroleum product that meant most to most people in America. Improved gas lighting and electricity have driven it from the lives of the great majority of city-dwellers. Gasoline takes its place, and it is good too know that gasoline production as well as gasoline consumption, is on the gain.

Six years ago, the petroleum refiners were glad to get 13 percent of gasoline from the crude oil they handled. Every year the proportion has crept up, and for 1921 it will be 28 percent. In 1918, when the gasoline product was an even 25 percent, its value exceeded that of all other petroleum products combined.

The demand for "gas" which quadrupled from 1915 to 1921, has led to fears that the available supply would soon play out and the use of the highly efficient gas engine might shrink accordingly. It is reassuring to find that the increasing percentage of gasoline obtained from oil and the increasing supply of oil in sight seem to preclude all cause of worry for many years to come.

Mr. Hughes fired the first gun and the charge was so heavy it shook the priming off of all the others.

The idea of a world union is beginning to rear its head. Some day the head may wear a crown.

They call it the ancient custom of kissing, but investigation discloses that it is quite modern.

The greatest trial in the life of an optimist is when he invests in a gold brick.

And still, the ailments of mankind are often most pronounced in women.

Richmond, Ind. — Elmer Hickey paid \$50 fine for telling the police someone stole his ferret. Elmer didn't know the owner of a ferret had to have a state permit.

GIGANTIC SWINDLE IN FRENCH BONDS

G. V. Halliday Admits He Counterfeited Certificates Worth \$1,500,000 For Government Bonds

HIS METHODS EXPLAINED

St. Louis, Nov. 25.—G. V. Halliday, 29, the "Charles Ponzi", of St. Louis, was held by police today without bond, following his confession that he had counterfeited French certificates worth \$1,500,000 for French government bonds. Halliday, whose brokerage firm recently went to the wall admitted he passed \$63,000 of the certificates on St. Louis banks in an attempt to make up his losses, said to exceed \$140,000.

Although Halliday confessed having 1,500 notes printed with a par value of \$1,000 each, only \$63,000 worth were placed on the market so far as known.

According to the confession, he deposited \$43,000 in spurious certificates at the Night and Day Bank which later forwarded them to New York. In order that the might be exchanged for coupon bonds, the certificates were sent to the J. P. Morgan & Co. which is floating a \$100,000,000 issue of the French bonds in America.

Harry Turner, editor of Much Ado, and Paul Murphy, his advertising solicitor, also were detained in connection with the gigantic fraud. Turner admitted he had a special plate made, showing the background for the certificates.

Turner and Murphy were absolved of blame in Halliday's confession.

COUNTY NEWS

Home Journeys To Foreign Lands

Real John Bull Discovered By DAVID L. BLUMENFELD (U. P. Staff Correspondent)

Washington, Nov. 25.—If there is any man in Washington today who typifies Great Britain, that man is Sir Auckland Geddes. Perhaps Admiral Beatty, to outward appearance, is more typical of the "beef" type of John Bullism, but in mannerisms, speech, thought and deed Sir Auckland is "it".

I talked with him the other day in the big drawing room of the British Embassy. It is one of those imposing rooms which, belong to the last century, high ceilinged and with an Adams atmosphere about it suggestive of Louis Seize fans and the black face patches which the great ladies of that time effected. On the heavy doors, glass panels bear the royal arms of Great Britain. You push them open and a tall figure welcomes you with a handshake like a prizefighter's, and a smile like a genial country squire.

Once you get Sir Auckland on an interesting subject the big fellow stretches his legs out and leans back on the sofa. He has a habit of sticking his thumbs into the arm holes of his waistcoat and soliloquizing as he does so. He has an amazing reserve force. You wonder what this man would be like were he aroused. And wondering, you

search your brain for a calamity or a matter of sufficient importance really to excite him.

During the war he was the calmest man in the British Cabinet. He is one of the calmest men in the Washington Conference today. His one thought at present is to see Great Britain and America "pulling together".

"I want to see these two great nations combined together in a lasting endeavor to secure the peace of the world" said Geddes.

From what I know of him he means every word of it.

Decides on Best Life Insurance

"Five years ago I was refused life insurance because of my heart symptoms. Doctors said it was caused from a pressure of gas that came from my stomach, but their medicine did not help me and I was getting worse all the time. Three years ago my druggist recommended Mayr's Wonderful Remedy. I took a course of it and believe it is the best life insurance anyone can buy. It helped my trouble at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at Druggists Everywhere.—Advertisement.

Rendering a Positive Service

The Daily News, Minneapolis, Minnesota, prints the following editorial in its issue of November 14:

When Magnitude Discards Mystery
Frankness is being better recognized a big asset in all human relations, including business. The bigger the business, the greater the need for frankness.
It wasn't always so; in fact, until only a few years ago, the reverse was true so far as actual practice was concerned and magnitude paid a penalty for the mystery in which it chose to cloak itself.
As one of the biggest of the big industrial and commercial organizations, the Standard Oil Co. used to exercise its full proportionate share of mystery. That this policy has been changed—deliberately and conspicuously—is a development that is as radical as it is interesting to students of publicity.
For three years, Standard Oil has been out of its shell telling the public exactly how it was doing things, why it was doing things and what it was doing at. It has made large use of advertising space in newspapers without regard to their attitude toward itself. It has conspicuously evidenced its desire to talk to the people and to put out its products for a price that included good will.
Today, instead of merely making its products available to those who MUST buy, Standard Oil is employing extensive publicity to make people WANT to buy. There is a very great difference, just about the difference between the exaction of tribute in one case and the rendering of positive service in the other.
Entirely aside from commercial considerations, a policy of frankness and service will tend to iron out some disagreeable wrinkles in the things that are. And the benefits will go to both sides of the equation.

To render a positive service is not alone the desire of those responsible for the management of the Standard Oil Company (Indiana). It is a well-formed, clearly-understood determination.

This determination to render a positive service is expressed in the multitude of products manufactured by this Company from crude petroleum. The housewife, the motorist, the farmer, the physician, the fabricator of raw materials, almost every special branch of human endeavor, has been considered and that part of the petroleum which will render to each the greatest service, has been segregated and made instantly available.

This is the method chosen by the Standard Oil Company (Indiana) to make tangible the positive service it is endeavoring to render.

The campaign of advertising which is being carried on has as its object a frank discussion of the ways and means used by the Company in delivering this service, a discussion which tells what it is doing and how it is doing it, and why.

That there is a better understanding of the motives of the Standard Oil Company (Indiana) and a feeling of increasing confidence in its integrity and straightforward frankness is indicated by the number of favorable comments which the campaign has elicited from the editorial departments of newspapers, big and little, throughout the eleven states served.

Justice, equity, frankness, a basic desire to render a positive service, and a determination to take all of the people into its confidence are the underlying principles governing this organization.

FOOTBALL TREND WENT WESTWARD

Eastern Football Teams Did Just a Little Better Than Hold Its Own in Competition

SEASON'S TABLE IS COMPILED

Figures Reveal That East Broke Even With West When Three Western Teams Won Games

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, Nov. 25.—Eastern football did just a little better than hold its own against inter-sectional competition which reached its highest point during the 1921 season.

Results of the season in baseball language would be:

| Teams | W. | L. | Pct. |
|---------------------------|----|----|------|
| East vs West | 5 | 5 | .500 |
| East vs. South | 9 | 2 | .818 |
| East vs West and South 14 | 7 | 7 | .500 |

After the years and years, in which the east raised its lofty head and boasted of the only football, it seems strange to refer to any season as one in which the east held its own. Facts make this obvious, however, and at the same time present striking evidence of the growth of the great gridiron game in the mid-west.

The cold figures show that the east broke even with the west, but in reality the east was all to the bad in east-west competition. Three big western teams defeated three of the very best eleven in the east, while no eastern team won over a real first class western team of high rating.

Balanced in the scales, the weight of these victories—Chicago 9, Princeton 9; Nebraska 10, Pittsburgh 0; Notre Dame 28, Army 0—far out-balance the conquests of the east represented in—Navy 53, Western Reserve 9; Pittsburgh 21, Cincinnati U. 0; Harvard 19, Indiana 0; Syracuse 38, Ohio University 0; Syracuse 21, Wabash 0. While they were not played against representative teams of the east, the west scored also when Notre Dame beat Rutgers 48 to 0 and Detroit won from Boston College 28 to 0.

Against the south, the east looked all to the good. Football in Dixie on the strength of season must come third behind the west and the east. The only thing impressive the south was able to show was in Centre's 6 to 0 defeat of Harvard and the Crimson was shown up in later games to be far less capable than it was rated early in the season. Georgia Tech defeated Rutgers 48 to 0, but Notre Dame took the brilliance out of that victory by doing the same thing easily. By no means, though, should this be taken as meaning that Georgia Tech is as good as Notre Dame.

Out of eleven games against eastern teams, Centre and Georgia Tech furnished the only two victories and Tech was later trounced by Penn State which gave them only a fifty-fifty break.

The nine victories of the east over the south were as follows: Penn 21, Virginia Military Institute 7; Penn State 35, North Carolina State 0; Penn State 28, Georgia Tech 7; Navy 40, North Carolina State 0; Boston College 23, Baylor 7; Yale 34, North Carolina 0; Harvard 10, Georgia 7; Dartmouth 14, Tennessee 3; Princeton 34, Virginia 0.

It seems that after all, the west must be recognized as the leader. For years westerners have been stoutly maintaining a claim to supremacy only to meet with ridicule or silent indifference from the east, but this year the figures bring out the legitimacy of the claim with a bang.

Perhaps Penn State, Navy, Yale, Lafayette or any team picked as the

CARTHAGE LOSES TO FAST SANDUSKY FIVE

Yankee Five, Only Defeated Once Before This Season, Falls Before Decatur County Lads

TWO GOOD MEN OUT OF GAME

The Carthage Yankee Five basketball team lost last night to the fast Sandusky quintet at Carthage by the score of 34 to 10. Carthage was without the services of Chambers, who received a broken nose in practice this week, and also without Alexander, a forward. Sandusky jumped in at the start and got a lead, having the best of a 23 to 8 score at the end of the first half. Ralph Marlowe for Sandusky scored 7 field goals and 2 fouls.

The crowd was so large last night that the sale of tickets had to be stopped long before the game commenced, and the people were turned away. In the curtain raiser the Carthage Reserves won from Arlington Juniors 22 to 12. It was

the junior's team first game of the season.

The Yankee Five will play at Fairview Saturday night of this week, and on next Tuesday night the Muncie Maroons will play them in Carthage.

NEW PROFESSIONAL CHAMPS

Chicago, Nov. 25—Buffalo All-stars won the national championship of professional football here yesterday defeating Staleys of Decatur 7 to 6. Sternaman failed to kick goal after his touch down early in the first period. Only great defensive work by the Staleys prevented further counting by the easterners. Several all-Americans were in the line ups of both eleven.

FIGHT SLOW BOUT

Buffalo, N. Y. Nov. 25—Batling Levinsky and Bob Roper fought a slow ten round draw here last night. Neither man seemed anxious to gain the decision.

LICENSED TO WED

A marriage license has been issued here to Lester Parks, a farmer of this county and Mary Stout, daughter of Mr. and Mrs. Howard Stout of this county.

FOOTBALL GAME CANCELLED

Cumberland Calls Off Contest Few Hours Before Time to Play

The football game between Arlington and Cumberland, which was scheduled for yesterday afternoon, was cancelled yesterday morning by the Cumberland team, according to the management of the Arlington club, and no other team could be secured to play on such a short notice. The game was expected to be a good one, and several Rushville people had planned on attending the game.

The season has closed for the Arlington Athletic club and it was pronounced one of the most successful years in the history of the club. The members of the club will now turn their attention toward practice of basketball.

SOCIETY

Edited By Miss Edna Krammes
Phone 1111

Mr. and Mrs. Cary Walton and son William of Greenfield were the Thanksgiving guests of his mother, Mrs. Mary Walton of East Sixth street.

Mr. and Mrs. Glen Shepler, Mr. and Mrs. James Prine and Frank Lindsey motored to Lewisville last evening and attended the Odd Fellows banquet held there.

Mr. and Mrs. Millard Bunyard and family of near Falmouth attended a pitch-in dinner party yesterday at the home of Mr. and Mrs. William Varner in Connersville.

Mr. and Mrs. D. H. Stoops had as their Thanksgiving dinner guests Mr. and Mrs. Ray Westerman and son William of Anderson, Mr. and Mrs. Errol Stoops and son, and Bryce Stoops.

Mrs. Nannie Graham entertained at her home in West Second street Thursday with a Thanksgiving dinner. Covers were laid for Mr. and Mrs. Clint Grist of Indianapolis, Miss Mildred Madden and Buell Graham.

Little Miss Snow Flake—Elizabeth Payne.
A Winter Story—Maxine Smith.
To Whom Shall We Give Thanks?—Gertrude Snodgrass.
Solo—Bonnie J. Beale.
Best of All—Francis Beale.

AMUSEMENTS

Doug. at Princess Today

If the statement of an eminent psychologist is to be taken seriously, that nine out of every ten people in this great big world are made miserable because of the fear of superstition in one form or another, Douglas Fairbanks is doomed to be a mighty gloomy young man for the balance of his natural days.

Doug may not have the regulation Ph. D., on his calling cards and it is certain that he never delved very deeply along the lines of belief in supernatural agencies; however, he disagrees with the learned student and in reply his theory has taken a broadside at superstition in every phase, counting it out for the full ten units in his forthcoming production, "When the Clouds Roll By", which comes to the Princess Theatre today and remains over tomorrow.

In his second starring vehicle Ben Turpin, Mack Sennett's cross-eyed genius of whimsical comedy, appears in the role of a baker. "Love and Doughnuts" is the suggestive title of the piece also at the Princess today and Saturday.

Roy Del Ruth directed the picture under the supervision of Mack Sennett. Del Ruth is notable among comedy directors for his skill as inventor of extravagant stunts. "Love and Doughnuts", it is claimed, extends his ingenuity to the limit. Nothing is too extraordinary for the bakeshop in which Ben devotes his time mostly to drilling holes in durable doughnuts and in quarreling with his mammoth assistant, Kewpie Morgan.

Phyllis Haver plays the role of Ben Turpin's wife, with a chronic indisposition to work. Exertion is the one thing Phyllis insists on sparing herself. When the weather is warm she provides her dog with a fan. It is attached to his tail and since the pup is of a congenial, cordial nature, his tail wags perpetually and the cost of an electric fan is saved and energy conserved.

"The Kiss" at the Mystic

The romance of old California, its loves and battles, is smashingly depicted as the background for Carmel Myers' artistry in "The Kiss," the star's latest Universal photodrama, which is to be at the Mystic Theatre today.

Johnston McCulley wrote the story. It originally appeared in book form as "Little Erolinda." It was purchased by Universal from among hundreds of stories submitted for Miss Myers, and produced under the direction of Jack Conway.

The story concerns a young girl, the daughter of a ranch foreman, who loves the son of the owner of a vast California estate. The difference in caste restrains them until an amazing sequence of thrilling adventure levels the artificial barrier of birth and brings them together for a breath-catching climax.

Miss Myers is amazingly pretty as Erolinda, the heroine, while William E. Lawrence has exceeded his previous screen successes as Andre Baldarama, P. J. Lockney, J. J. Lanoe, Harvey Clarke, Jean Acker and Ed Brady play the remaining roles with vigor.

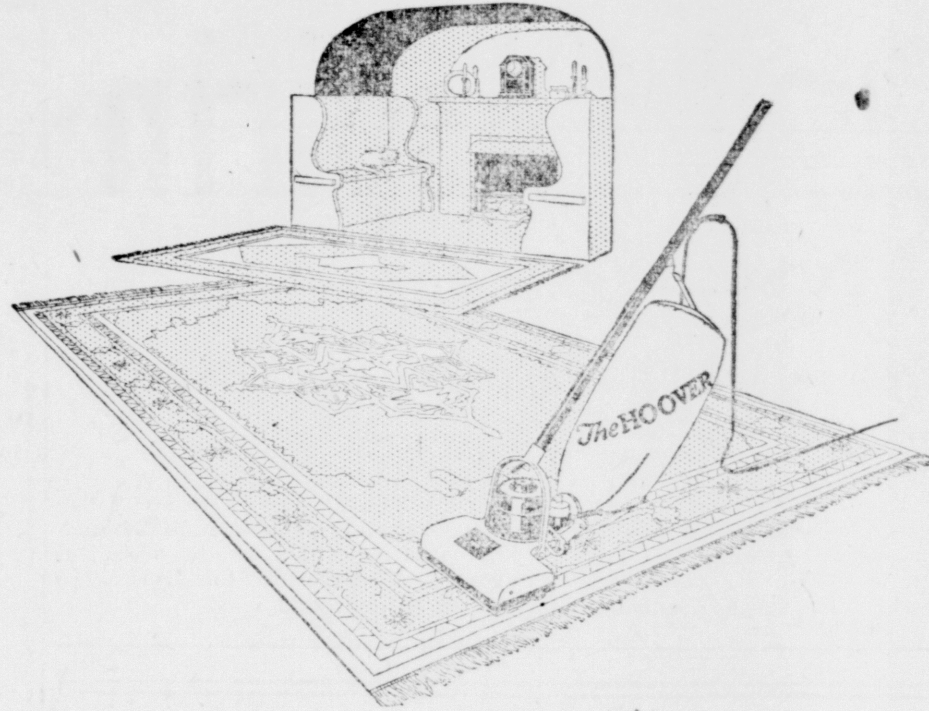

The romantic locale, the personal popularity of Miss Myers and her admirable work in the exotic characterization, will go far toward establishing "The Kiss" in the estimation of playgoers as one of the year's most colorful and entertaining productions.

"Ladies Night" at Murat

The first local opportunity to see "Ladies Night," the popular farce frolic that recently ended a year's run at the Eltinge theatre New York City, will come when this A. H. Woods' offering appears at the Shubert-Murat theatre, Indianapolis, for the half week and a Wednesday matinee, commencing Monday night, Nov. 28th. From all accounts this sprightly laugh-maker, with its deliciously droll situations is worth seeing—in fact, should not be missed by the tired business man and all other farce-fanciers. Its critics have termed it a most entertaining creation—quite one of the best of modern farces. Its authors are Avery Hopwood, who has written among other unusual successes—"Fair and Warner," "The Bat," and "The Gold Diggers," and Charlton Andrews.

The original production will be seen and such metropolitan favorites as that eminent comedian Walter Jones and Allyn King Claiborne Foster Evelyn Gosnell and Edward Douglas among others. And in addition, there is a host of young and pretty girls who wear some of the most fascinating of fashionable lingerie and gowns.

The hero of the play is Jimmy Walters, a modest young benedict who cannot face a lady in evening

It is no longer considered good housekeeping to overlook, between semi-annual housecleanings, the continual accumulation of germ-breeding dirt in the depths of one's rugs. For a new standard of cleanliness, that of rugs kept totally free of dirt the year around, has been introduced by The Hoover. This efficient cleaner thereby minimizes the danger of sickness and repeatedly saves its moderate cost by preserving all rugs from wear. In one easy, rapid, dustless operation guaranteed to prolong rug life, it gently beats out all germ-laden, nap-wearing grit from beneath rug surfaces, electrically sweeps up stubbornest litter, erects trodden nap, revives color and suction cleans. Only The Hoover does all this. Get a Hoover and live in an ever-clean home.

The HOOVER
It Beats—as it Sweeps—as it Cleans

We Will Demonstrate The Hoover in Your Home or at Our Store. Convenient Terms, if Desired.

THE MAUZY CO.

dress and feel at ease. Two of his waggish friends decide to change the viewpoint of his bashful life by taking him to a very risqué Bohemian ball. The police raid the ball and the three gay adventurers, costumed as ladies, in their wild efforts to escape, blunder into a Turkish bath. But it is ladies' night at the bath and therefore no place for men—according to Hoyle. The attempts of the three to escape, what they saw in this sacred retreat of the very briefly adorned and how they behaved under the very trying circumstances, occasions one of the most laughable frolics ever staged. If you enjoy continuous and hearty laughter it is said you will find it at "Ladies Night."

RUSH CHAPTER MEETING

Rush Chapter No. 24 R. A. M. will confer the Royal Arch degree Monday evening beginning at 7:30.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Advertisement.

CHINESE SUSPECT ULTERIOR MOTIVE

Believe Great Britain is Making Move for Continuing Anglo-Japanese Alliance

HINGES AROUND ROOT IDEA

Regarding These as Involving Recognition of International Consortium Point in Argument

By CARL D. GROAT
(U. P. Staff Correspondent)

Washington, Nov. 25—Chinese authorities suspect—contrary to general belief—that Great Britain is making a play for continuing the Anglo-Japanese alliance.

This view was strengthened today by a British maneuver outside the conference intended to read into the Root resolutions provisions which would operate toward "internationalization" of China.

This maneuver, some term it propaganda—emanated from Britain's semi-official spokesman who let it be known his delegation considers the Root principles as involving recognition by China of the international consortium and an international pooling of Chinese railways.

The Chinese say when they accepted the Root idea, they had no such sweeping interpretation in mind, and they are frankly suspicious of British motives in reading these points in.

Despite assurances on all sides, the Chinese are skeptical about the Far Eastern committee developments to date.

Not only do they believe Britain wants to keep her Japanese-bound but they believe:

1.—That Japan is merely making her objections on the naval disarmament measures for trading concessions in the Far East.

2.—That the Root resolution means virtually nothing for China has had such generalities applied to her before.

3.—That Japan though asking alterations in her naval allotment, is really happy at the Hughes assignment, especially as with the money saved she can rebuild her army and if she desires as the Chinese fear, she can then undertake new aggression in Manchuria and Mongolia.

"Bitter experience in the past as to the open door makes us skeptical" said one representative. "All we can do is to hope that something will be done for China. But we must have the sword thrust taken from our side. We can never settle down while foreign troops are on our soil and while valuable possessions are occupied without any rights."

"The most objectionable feature of Japan's latest proposal" says a Chinese delegation statement, "is the insistence upon making the Shantung railway a Sino-Japanese joint enterprise and indefinite undertaking to return the German public properties in Kiao Chow and Tsingtao to China."

LANDIS' SISTER DIES

(By United Press)

Logansport, Ind., Nov. 25—Miss Katherine Landis, sixty, sister of Federal Judge Landis, was dead here today. She died of influenza.

COLDS

"Pape's Cold Compound"
Breaks any Cold
in Few Hours

Instant Relief! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up any cold. The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness.

"Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

ANNUAL LODGE OF SORROW

George Barnard of Public Service Commission to Address Elks

The annual Lodge of Sorrow, memorial services of the Elks lodge, will be held on Sunday afternoon December 4 in the auditorium of the Elks home, and the address will be given by George Barnard of Newcastle, a member of the Indiana Public Service Commission.

On November 30 the local lodge will hold an initiation in the new addition to their building and 16 candidates will be taken into the order. The work will be given by the Greensburg lodge, it was announced.

Light refreshments will be served following the regular work.

ARBUCKLE READY TO GO ON STAND

Continued from Page 2.

Arbuckle on the stand.

The state also was active over the Thanksgiving holiday marshalling new evidence.

The United Press learned today that the prosecution has made preparations to place before the jury elaborate rebuttal evidence.

A lock of Virginia Rappe's hair, hair pins alleged to have been found scattered over Arbuckle's bed room, a feather said to be from the pillow of Arbuckle's bed, and perhaps bath room fixtures bearing finger prints will be introduced, in an effort to send Fatty to prison for ten years for alleged manslaughter.

These exhibits, according to Prosecution attorneys were found when a microscopic examination of the floor of Arbuckle's apartments was made by E. O. Heinrichs, the state's criminologist.

Heinrichs went over every inch of the floor, every crack and even the walls and furniture with a powerful lens, searching for tiny bits of evidence.

The things he found, the state contends, tend to prove:

1.—That there was a struggle in the room during Arbuckle's party, and

2.—The room was never thoroughly cleaned after the affair. The de-

GREAT BRITAIN IS DISAPPOINTED

London Chronicle Regrets France Has Not Seen Fit to Reduce Land Armament Substantially

BRIAND BITTERLY ARRAIGNED

France's Attitude Points Not to Disarmament But New Era of Militarism, Paper Says

By CHARLES W. McCANN
(U. P. Staff Correspondent)

London, Nov. 25.—England is extremely disappointed that Premier Briand has not seen fit to substantially reduce the land armament of France, the London Chronicle—Premier Lloyd George's organ—undoubtedly expressing the highest British opinion declared today.

Even considering France's bitter memories of German invasion—her armies are no more to her than our navy is to us," the Chronicle stated in a bitter arraignment of Briand's platform.

"We followed America's lead. Indeed we even hoped to better it. But France has refused to give or follow in military arms limitation. Instead she has confused the issues and started awkward cross currents in the sea of peace."

"English opinion has given due consideration to Briand's view of European affairs, with every sympathy of the great suffering of France during the war and with individual faith in the value of the Entente—and England rejects it."

"Europe is not on the verge of war. Germany is effectively disarmed. Both America and Britain have assured France she will never stand alone as champion of liberty. France's lack of practical sympathy does not merely demand a predominant army but goes so far as to couple its demand with a plea for battleships and submarines. This does not point toward disarmament, but to a new era of militarism."

The British Press today agreed with the stand taken by Lord Curzon, severely criticizing the French attitude against limitation of her military resources.

The Chronicle summing up the opinion of the larger portion of the Press says:

"The door is still open, but if France bangs it, we do not know what will happen to Europe."

A reliable authority informed the United Press that Premier Briand may come to London before returning to Paris from the Washington conference. This, it was said, may delay the expected journey of Lloyd George to the disarmament conference.

The hope was expressed that Premier Briand might see fit to visit London and meet Lloyd George, before returning to Paris. This conference, it was pointed out, might save any difficulties which could arise over the feeling against the stand of France.

The London Times was practically the only dissenting voice in the wave of sentiment against the French principles. It did not criticize the stand outlined by Curzon, but merely pointed out it contained no suggestion that the British government is prepared to "display a vigorous initiative in international affairs."

"It is an apology rather than a clear statement of constructive policy," the Times said.

The morning Post denied that France is afraid of Germany saying she is only asserting her right to "security."

BODY TO BE BROUGHT HERE

Charles Ross, Former Falmouth Man Dies at Chicago Thursday

Charles Ross, a former resident of Falmouth, died yesterday morning at his home in Chicago following an attack of heart trouble. The body will be brought to this city at 6:05 p. m. this evening over the C. I. & W. and will be taken to the home of George Todd, 218 East Tenth street. The funeral services will be conducted Saturday morning at 8:30 o'clock in the St. Mary's Catholic church and burial will take place in the Calvary cemetery.

The deceased is survived by two sons, William of Philadelphia, and Edward of Chicago, Ill., and three grandchildren. Two sisters also survive Mrs. Mary Groves and Mrs. Emma Jones of Indianapolis. Mrs. Patrick Hayes of near Raleigh is an aunt of Mr. Ross.

NOTICE

I have moved my shoe repair shop from over Bodine's shoe store to corner of 2nd and Morgan St.

HOBOS AGAIN MAKE THEIR APPEARANCE

Free Rides on Trains Are Becoming Frequent Since the Termination of the War

WAR ELIMINATED THE HOBOS

(By United Press)

Fort Wayne, Ind., Nov. 25.—The old-time hobo apparently has returned and is giving railroad officials considerable concern. During the world war, with practically every able-bodied man working or in the service, the free train rider disappeared, but during the past summer he returned and despite the arrival of cold weather many men are still beating their way on trains passing through this and other Indiana cities.

A man of 40 years, half frozen, was taken from the front end of a Nickel Plate train here, while beating his way to Cleveland. Scores of free riders have been seen recently on freight trains of the Baltimore and Ohio railroad passing through Garrett, the Erie, passing through Huntington and on the Michigan Division of the Big Four.

The Pennsylvania system, which for many years had a reputation of preventing through special agents, any free rides on its freight and passenger trains, is making every effort to regain this record. All freight cars before leaving division points must have the doors closed. Passenger trains leaving division points are also watched.

AT WASHINGTON SCHOOL

There will be a meeting of the temporary organization for the advancement of the colored race at Washington school Sunday afternoon at three o'clock, the Rev. L. M. Hapgood, chairman, announced today. There are now twenty members in the society, but fifty are desired before a permanent organization is formed. No collection will be taken the Rev. Mr. Hapgood says, but moral support is sought. Speakers will be provided, it is stated, to explain the purposes of the organization.
